

COUNTRY FOOTWEAR

FALL 2018

 **ARIAT**®

WE BELIEVE IN

INNOVATION.

Ariat® was founded on technology and innovation— with the goal of making the highest-quality footwear and apparel for the world's top equestrian athletes.

DEDICATION.

We are a community of riders and people committed to those who ride, ranch, and work outdoors. We make products we're proud to use.

BALANCE.

We play as hard as we work. And playing includes family, friends, and living outdoors.

RIDERS AS ATHLETES.

As athletes, riders put their bodies to the test every day. We create high performance boots and apparel that keeps up.

POSSIBILITIES.

We strive to redesign, reimagine, and reshape our world, while staying true to the values and traditions that keep us authentic.

WOMEN'S COUNTRY EQUESTRIAN

Women's Country Equestrian

Performance that delivers. Pulling from over 25 years of experience crafting boots for those who work the land and enjoy the countryside, Ariat® has engineered a collection of boots that deliver performance in the saddle and on the ground. The Country Equestrian collection balances country styling, and a stirrup friendly outsole with technical features for enduring comfort and all-weather protection.

FEATURES Flexible, multi-functional chassis system • Anatomical last • Multi-directional outsole traction design • Innovative injection moulding • Mesh lining • Comfort rated from -21°C at high activity levels to -7°C at low activity levels

UNPARALLELED FIT AND COMFORT

Our premium technology provides temperature management, advanced support and enhanced flexibility with an engineered fit for optimal performance.

FEATURES

- A. Cobalt® footbed provides unparalleled fit and comfort
- B. Cushioning midsole provides superior shock absorption and comfort
- C. Unique chassis with flexible forefoot protection, shank support and an external, integrated heel counter for supreme stability
- D. Vibram® outsole, exclusive Ariat design for superior traction in outdoor terrain.

ACTIVE SUPPORT AND FLEXIBILITY

FEATURES

Our premium footwear technology is engineered to react to force and movement while providing ultimate, anatomical support for unparalleled performance.

- A. Moisture-wicking anatomical PRO footbed
- B. Smart Rebound™ dissipates pressure in the forefoot and cushions the heel
- C. Cushioning midsole
- D. Innovative chassis engineered for active rebound, stability and protection
- E. Maximum wear resistance

ADVANCED STABILITY WITH SUPERIOR COMFORT

Our mid-level technology with upgraded comfort delivers heightened performance for reliability on the job.

FEATURES

- A. Moisture-wicking layer delivers comfort and durability with Agion® technology for intense odour defence
- B. Full length, anatomically-engineered polyurethane footbed offers superior, long-lasting support
- C. Smart Rebound™ dissipates pressure in the forefoot and cushions the heel
- D. Base layer Air Vents regulate temperature to keep feet cool and comfortable
- E. Lightweight, composite, forked shank creates superior stability
- F. Cushioning midsole
- G. Duratread™ outsole provides maximum wear resistance

ADVANCED STABILITY AND PERFORMANCE

Our mid-level technology offers optimal stability and all-day comfort for performance you can depend on.

FEATURES

- A. Moisture-wicking footbed for comfort
- B. Gel-cushioned footbed with heel stabiliser for shock absorption and support
- C. Lightweight composite forked shank for stability
- D. A variety of outsole options for maximum wear resistance

Ariat Technologies

EVERYDAY COMFORT AND STABILITY

Our entry level technology offers support and cushioning for everyday wear.

FEATURES

- A. Four-layer footbed for comfort
- B. Lightweight stabilising shank for support
- C. Duratread™ outsole for maximum wear resistance

Additional Technologies

DURATREAD™

Ariat's exclusive rubber compound

- > Longer-lasting than traditional rubber
- > Provides maximum wear resistance
- > Extremely durable yet flexible
- > Highly resistant to barnyard acids

GORE-TEX®

Premium GORE-TEX® fabric is a waterproof, highly breathable membrane technology. GORE-TEX® products are optimised for comfort and designed to meet the challenges of a wide range of outdoor activities and weather conditions.

3M™ THINSULATE™ INSULATION

For warm feet no matter the conditions, 3M™ Thinsulate™ Insulation for footwear is the ideal choice. It's pre-compressed to make shoes and boots less bulky while helping retain heat in the great outdoors or on city streets.

U-TURN® ENTRY SYSTEM

Perfect-fitting pull-on boots are now an option for our consumer with wide feet or high arches. Thanks to our patented U-Turn® Entry System [U.S. PATENT NO. 7,980,010], a hidden flexible gore panel in the back of the shaft provides just enough "give" to get feet past the turn with ease. Now feet of all sizes can enjoy pull-on boots without sacrificing a fashionably sleek upper.

WATERPROOF PRO™

When the weather's not co-operating, you want a boot you can trust to protect you from the elements. Ariat's Waterproof Pro™ footwear has been designed with our top-of-the-line Ariat® waterproof construction, utilising waterproof premium full-grain leathers and an impermeable barrier to deliver durable, long-lasting protection.

S3

S3 safety footwear provides maximum protection conforming to EN ISO 20435 Safety Standards and includes toe protection, sole penetration resistance, slip -resistance, anti-static properties and durability

SRC

The highest level of slip resistance conforming to EN ISO 20435 Safety Standards, tested on a ceramic tile floor with SLS and on a steel floor with glycerol

SOLARCORE

Warmth with less bulk. Comprised of over 90% trapped air, Solarcore™ Aerogel retains body heat and protects from the cold by creating extremely efficient thermal insulation. It's thinner, lightweight and more flexible.

COMFORT RANGE

Comfort Range provides a temperaturerange for maximum comfort depending upon activity level — identifying the ability to withstand cooler temperatures with higher activity levels and warmer temperatures with lower activity levels.

VIBRAM®

Comfort Range provides a temperaturerange for maximum comfort depending upon activity level — identifying the ability to withstand cooler temperatures with higher activity levels and warmer temperatures with lower activity levels.

X-STATIC®

Made with 99.9% pure silver, X-STATIC® enhances products with permanent anti-odor performance. It naturally inhibits the growth of bacterial odors on apparel and textile products, keeping your gear smelling fresh. X-STATIC® also has natural temperature regulating properties to keep you performing at your best.

100% NON-METALLIC

Comfort Range provides a temperaturerange for maximum comfort depending upon activity level — identifying the ability to withstand cooler temperatures with higher activity levels and warmer temperatures with lower activity levels.

COMPOSITE TOE

Composite toe styles are F2413-11 M I/75 C/75 EH rated for safety. Lighter weight than traditional steel toes with less temperature conductivity so your feet stay warmer in colder weather. Non-metallic for electronic security working conditions.

STEEL TOE

Steel toe styles are ASTM F2413-11 M I/75 C/75 EH rated for safety. These tough work boots and clogs feature a steel cap to protect toes against falling and heavy rolling objects.
