WESTERN FOOTWEAR

FALL 2018

 **ARIAT**[®]

WE BELIEVE IN

INNOVATION.

Ariat® was founded on technology and innovation—with the goal of making the highest-quality footwear and apparel for the world's top equestrian athletes.

DEDICATION.

We are a community of riders and people committed to those who ride, ranch, and work outdoors. We make products we're proud to use.

BALANCE.

We play as hard as we work. And playing includes family, friends, and living outdoors.

RIDERS AS ATHLETES.

As athletes, riders put their bodies to the test every day. We create high performance boots and apparel that keep up.

POSSIBILITIES.

We strive to redesign, reimagine, and reshape our world, while staying true to the values and traditions that keep us authentic.

Technology

UNPARALLELED FIT AND COMFORT

Our premium technology provides temperature management, advanced support and enhanced flexibility with an engineered fit for optimal performance.

FEATURES

- A. Temperature-managing X-STATIC® layer provides comfort and odour protection
- B. Cushioned forefoot pad protects small bones and nerves
- C. Heel cradle supports arch and heel for greater stability
- D. Anatomically designed full-length, cushioned midsole provides superior shock absorption and comfort
- E. Honeycomb shank stabilises the foot, providing superior balance
- F. Non-marking Duratread™ outsole provides maximum wear resistance
- G. Tread pattern offers excellent footing on the ground and in the stirrup

DYNAMICALLY INTEGRATED PERFORMANCE

Our integrated premium technology takes another step forward in comfort, breathability and stability for superior performance.

FEATURES

- A. Breathable, temperature-managing footbed for comfort
- B. Lightweight open-cell footbed cushion for rebound
- C. Integrated Core Stability Technology™ (CST) for full-foot support without compromising flexibility
- D. Full-length, closed-cell layer for shock absorption
- E. Honeycomb shank and molded arch support for alignment
- F. Non-tracking outsole with maximum wear resistance
- G. Ergonomically designed outsole for greater flexibility

ACTIVE SUPPORT AND FLEXIBILITY

Our premium footwear technology is engineered to react to force and movement while providing ultimate, anatomical support for unparalleled performance on the ground and in the saddle.

FEATURES

- A. Moisture-wicking layer delivers comfort and durability with Agion™ technology for intense odour defense
- B. Smart Rebound™ dissipates pressure in the forefoot and cushions the heel
- C. Cushioning midsole provides superior shock absorption and comfort
- D. Innovative chassis engineered for active rebound upon heel strike, support through mid-foot, and flexible forefoot protection
- E. Oil- and slip-resisting Duratread™ outsole for maximum wear resistance

ADVANCED STABILITY WITH SUPERIOR COMFORT

Our mid-level technology with upgraded comfort delivers heightened performance for reliability in and out of the saddle.

FEATURES

- A. Moisture-wicking layer delivers comfort and durability with Agion® technology for intense odour defense
- B. Full-length, anatomically-engineered polyurethane footbed offers superior, long-lasting support
- C. Smart Rebound™ dissipates pressure in the forefoot and cushions the heel
- D. Base layer Air Vents regulate temperature to keep feet cool and comfortable
- E. Lightweight, composite, forked shank creates superior stability
- F. A variety of outsole options for maximum wear resistance

ADVANCED STABILITY AND PERFORMANCE

Our mid-level technology offers optimal stability and all-day comfort for performance you can depend on.

FEATURES

- A. Moisture-wicking footbed for comfort
- B. Gel-cushioned footbed with heel stabiliser for shock absorption and support
- C. Lightweight composite forked shank for stability
- D. A variety of outsole options for maximum wear resistance

EVERYDAY COMFORT AND STABILITY

Our entry level technology offers support and cushioning for everyday wear.

FEATURES

- A. Four-layer footbed for comfort*
 - B. Lightweight stabilising shank for support
 - C. A variety of outsole options for maximum wear resistance
- *Our children's styles feature the removable Booster Bed™ for growing feet.

Western Outsoles

BANTAMWEIGHT

Lightweight outsole with exclusively designed wear zones

- Flexible, lightweight yet delivers superior cushioning
- Oil- and slip-resistant outsole designed with key traction zones for maximum wear resistance
- Highly resistant to barnyard acids

DUALPRO®

Leather outsole with revolutionary rubber-injected wear zones

- Ground-breaking leather/TPU fusion outsole
- Classic look of leather with superior wear resistance, comfort, and flexibility
- 11-iron Veg Tan leather outsole offers traditional profile
- Direct-injected TPU forefoot pods in key wear zones for durability
- Duratread™ heel tap provides superior traction and durability

DURACREPE®

Ariat's Pro Crepe® outsole with added forefoot durability

- 30% thinner than traditional crepe outsole for sleeker profile
- Retains lightweight comfort and rebound of Ariat's Pro Crepe® outsole
- Duratread™ in forefoot and heel provides extra durability

DURATREAD™

Ariat's exclusive rubber compound

- Longer-lasting than traditional rubber
- Provides maximum wear resistance
- Extremely durable yet flexible
- Highly resistant to barnyard acids

EVERLON™

Combination of EVA and blown rubber

- Lightweight and flexible, yet wear resistant
- Minimizes compression for long-lasting cushioning

LEATHER

Highest quality handcrafted genuine leather

- Traditional hand-nailed 9-11 iron weight construction
- Able to be resoled for years of comfortable wear
- Duratread™ heel tap provides superior traction and durability

PRO CREPE®

Ariat's exclusive rubber blend crepe outsole

- Best wear resistance in western crepe outsole
- Lightweight, long-lasting cushioning delivers superior comfort
- Duratread™ heel tap provides superior traction and durability

PRO CREPE® LIGHT

Slimmer version of Ariat's Pro Crepe® outsole

- 30% thinner than traditional crepe outsole for sleeker profile
- Retains lightweight comfort and rebound of Ariat's Pro Crepe® outsole
- Duratread™ heel tap provides superior traction and durability

TOUGHSTOCK™ BUTYL OUTSOLE

Authentic, handcrafted Butyl-treated leather outsole

- Traditional hand-nailed 11-iron weight construction
- Resists wear and can be resoled
- More durable and flexible than traditional leather outsoles
- Duratread™ heel tap provides superior traction and durability

TPR

Lightweight molded thermoplastic rubber compound

- Durable yet flexible
- Delivers cushioning and rebound
- Highly resistant to wear

Additional Features & Technologies

COMPOSITE TOE

Composite toe styles are F2413-11 M/I/75 C/75 EH rated for safety. Lighter weight than traditional steel toes with less temperature conductivity so your feet stay warmer in colder weather. Non-metallic for electronic security working conditions.

COMFORT RANGE

Comfort Range provides a temperature range for maximum comfort depending upon activity level — identifying the ability to withstand cooler temperatures with higher activity levels and warmer temperatures with lower activity levels.

GENUINE BULL HIDE

Genuine Bull Hide is high-quality, low-grain and extremely durable. Heavier weight leather with superior flexibility allowing for all day comfort and performance.

GORE-TEX®

Premium GORE-TEX® fabric is a waterproof, highly breathable membrane technology. GORE-TEX® products are optimized for comfort and designed to meet the challenges of a wide range of outdoor activities and weather conditions.

LEATHERTEK™

Ariat's LeatherTEK™ pairs premium leather outsoles optimal for riding, with innovative design features that provide superior comfort and durability. A concealed EVA pad cushions the forefoot upon impact for lasting comfort, while a flexible TPU plate reinforces the leather outsole, dissipating pressure from rocky, uneven surfaces.

RECOVERY INSOLE

Removable footbed is textured and anatomically contoured to provide relief from fatigue. Provides all day comfort and re-energizes tired feet.

SCENTHALT™

ScentHalt™ disguises human scent, allowing hunters to avoid being detected by prey.

SHOCK SHIELD®

Ariat's revolutionary Shock Shield® technology provides shock absorption for all-day comfort. An added layer of shock reducing material in the heel diffuses the impact that occurs during heel strike, absorbs repeated ground impacts and minimizes fatigue felt by the body.

SNAKE BITE-RESISTANT

Ariat Snake Boot technology provides a rugged, bite-resistant shield from venomous snakes, enabling you to travel safely through hazardous environments. Note: Use caution and avoid snakes. These boots are designed as a last line of defense to provide additional protection against unintended snake encounters.

Additional Features & Technologies

SOLARCORE™ AEROGEL

SOLARCORE™

Warmth with less bulk. Comprised of over 90% trapped air, Solarcore™ Aerogel retains body heat and protects from the cold by creating extremely efficient thermal insulation. It's thinner, lightweight and more flexible.

STEEL TOE

Steel toe styles are ASTM F2413-11 M/I/75 C/75 EH rated for safety. These tough boots feature a steel cap to protect toes against falling and heavy rolling objects.

THINSULATE™ INSULATION

For warm feet no matter the conditions, 3M™ Thinsulate™ Insulation for footwear is the ideal choice. It's pre-compressed to make shoes and boots less bulky while helping them retain heat in the great outdoors or on city streets.

U-TURN® ENTRY SYSTEM

Perfect-fitting pull-on boots are now an option for our consumer with wide feet or high arches. Thanks to our patented U-Turn® Entry System (U.S. PATENT NO. 7,980,010 and 9,282,781), a hidden flexible gore panel in the back of the shaft provides just enough "give" to get feet past the turn with ease. Now feet of all sizes can enjoy pull-on boots without sacrificing a fashionably sleek upper.

VENTTEK™

Ariat's innovative VentTek™ technology enhances performance footwear. Integrated, water-repellent mesh panels enable air flow, while the cooling lining helps to regulate temperature. Say hello to cool, comfortable, performance boots.

VIBRAM®

Vibram® is the world leader in high performance rubber soles. Each Vibram® product utilizes the latest designs and optimal compounds for its specific use. Ariat's Vibram soles provide a high level of performance in grip and durability.

WATERPROOF PRO™

When the weather's not cooperating, you want a boot you can trust to protect you from the elements. Ariat's Waterproof Pro™ footwear has been designed with our top-of-the-line Ariat waterproof construction, utilizing waterproof premium full-grain leathers and an impermeable barrier to deliver durable, long-lasting protection.

X-STATIC®

Made with 99.9% pure silver, X-STATIC® enhances products with permanent anti-odour performance. It naturally inhibits the growth of bacterial odours on apparel and textile products, keeping your gear smelling fresh. X-STATIC® also has natural temperature regulating properties to keep you performing at your best.
